Dromex

2-TONE REFLECTIVE SLEEVELESS JACKET

SA13-SL

Description

Dromex® SA13-SL Class 2 high visibility ventilated two tone torso reflective safety wear is intended to provide conspicuity of the wearer in any light condition when viewed by operators of vehicles or other mechanized equipment during daylight conditions and under illumination of head-lights in the dark.

Part number SA13-SL reflective jacket features:
- A full zip closure system and elasticated waist with press stud fasteners.
- Detachable zip sleeves.
- Identity card holder on the left breast.
- Reflective tape on the waist, front, sleeves and back of the jacket for enhanced visibility from all sides.
- Passant (shoulder strap) on shoulder with snap closing for use with epaulets.

Class 2 safety jackets are required by law for anyone working near or exposed to vehicle traffic, road construction crews, utility workers, survey crews, airport ground crews, law enforcement, railway workers, school crossing guards and toll gate personnel amongst others and in dark areas.

Reflective safety wear is not intended as a workwear garment.

Compliancy & Conformity

Complies to EN ISO 20471:2013 specifying the requirements for high visibility clothing which is capable of visually signalling the user's presence.

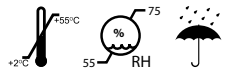

Specifications

Style Part number SA13-SL:	Class 2, ventilated high visibility long-sleeve reflective jacket with zip closure, detachable sleeves, id card holder and allowance for branding on rear and front of jacket.
