65/35 TWO TONE SANS 434 FIT JACKET

DW-6535OG-KH-2TJ DW-6535NB-GY-2TJ

Description

The Dromex® two tone DW-65/35 jacket, which conforms to the SANS 434 cut and fit construction is a heavy duty, strong and durable work garment, designed to provide the user with protection against mechanical hazards such as abrasion and tear.

The DW- 65/35 jacket is a blend of 65% polyester and 35% cotton which is an affordable alternative to 100% cotton with the benefits of sturdiness and colour fastness of polyester and the comfort of the cotton.

This jacket is available in two different colours, olive green/khaki and navy blue/grey which can be used with the choice of selecting a desired pant's colour eg, navy blue, grey, khaki or olive green.

This jacket features the following:
- Collared jacket.
- Contrast colour yoke and sleeves.
- Concealed DRO (Dromex®) type 5 aluminium zip closure.
- Triple needle topstitched garment and double needle topstitched yoke for added durability.
- 2 Mitred breast pockets with V-flaps & concealed press stud closure.
  The left breast pocket consists of an open pen pocket and the Dromex® sidewinder label.
- 2 Open mitred waist pockets.
- Side slits for better fit over waist.

This garment is suitable for use in general work environments such as logistics, warehousing, construction, workshops, maintenance and repairs, janitorial, gardening and general-purpose applications.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer.

The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection.
These polycotton garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment.
Not for use against heat and flame hazards.
The information contained herein is intended to assist the wearer in the selection of personal protective equipment.
Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer
or supplier to determine the garment suitability for the intended use.
This garment should be thoroughly inspected before use to ensure no damage is present.

Should there be visible damage such as tears, it is recommended to replace the garment immediately.

- Dromex® DW-65/35XX-P (Pants) are packed in individual polybags and sold as 10 units.

Cleaning & Maintenance

The following suggestions will help keep your garment safe and neat:
- Polycotton garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to.
- Should home procedures not remove contaminants, then dry cleaning is recommended.
- Our recommended cleaning for these garments is as follows:
  - Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
  - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
  - Do not tumble dry.
  - Thoroughly rinse the garment to remove any wetting agents.
  - Iron the garment to on low heat.
  - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
